

My local KLOVE station is such a blessing! The Godly music, the Godly comments, the Godly news and prayers are such an encouragement every day all day long. Also, every day, people hurting and needing help call in to their pastors and are led to not kill themselves and find a relationship with the Savior, Jesus Christ, my best Friend. There is nothing greater than this. The local communities need this encouragement and help and it would be a very large mistake to replace KLOVE with LPFM broadcasting. May God receive the glory for you making the right choice and for keeping KLOVE on our local fm stations for the good of the public.
